

Teacher of Mathematics in the Secondary School (m|f|d)

We are looking for a qualified and committed English-speaking teacher to teach Mathematics in our bilingual Secondary School. Knowledge of the IGCSE and IB Diploma Programme curricula would be a distinct advantage. Candidates with appropriate experience may also be considered for the position of Head of Department. If you are able to offer a second subject, please include the appropriate information in your application.

You have

- a teaching qualification for Mathematics at Secondary School level and relevant teaching experience
- the ability and confidence to teach Mathematics at Higher Level in the IB Diploma Programme to talented students
- experience with linguistically heterogeneous learning groups
- English language skills at native-speaker level
- good knowledge of German or willingness to learn the language
- strong IT skills for effective use of our modern learning environment
- personal qualities that motivate and inspire the students
- open-mindedness, flexibility and the ability to work well in a team
- a high level of commitment

Your area of responsibility

- Teaching Mathematics in the Secondary School (Grades 5-12)
- Planning and designing lessons in collaboration with other teachers in the departments
- Focusing on student learning and development, differentiating and supporting as required in order to help students to reach their potential
- Cooperating with other members of the departments and participating actively in conferences
- Communicating with parents and guardians
- Leading the subject area of Mathematics (optional)

We offer

- a team of well-qualified and helpful international teachers
- students from local and international families who are friendly, open-minded and keen to learn
- a pleasant working environment in a family-run business
- a modern school environment with digital technology
- an excellent location close to Frankfurt
- a competitive salary
- additional benefits such as RMV jobticket, subsidised school lunches and contribution to gym membership in collaboration with a cooperating fitness center
