

Cover Teacher of Mathematics in the Secondary School (m | f | d)

We are looking for a qualified English-speaking teacher to cover Mathematics lessons in our bilingual Secondary School on a temporary and flexible basis. Knowledge of the IGCSE and IB Diploma Programme curricula would be a distinct advantage.

Start Date: 25 August 2025 or later.

Your area of responsibility

- teaching Mathematics in Grades 5 – 12
- focusing on student learning and development, extending and supporting as required in order to help students to reach their potential
- collaborating with other teaching staff across the Secondary School

The ideal candidate

- has a teaching qualification for Mathematics at Secondary School level and teaching experience in Grades 5 – 12
- has knowledge of the IGCSE and IB Diploma Programme curricula in Mathematics
- has experience with linguistically heterogeneous learning groups
- has English language skills at native-speaker level
- has strong IT skills for effective use of our digital learning environment
- has personal qualities which motivate and inspire the students

We offer

- a well-qualified, friendly and helpful international teaching team
- welcoming and open-minded German and international students who are keen to learn
- a family feel and strong bonds within the school community
- modern school facilities with digital technology
- an excellent location close to Frankfurt
