## **We offer:**

**LehrCare** is an independent recruitment agency that has been supporting principals, teachers, nursery teachers and educators worldwide in their search for new jobs since 2007.

Whether you are looking for a job in a school, a child-care facility, an after-school care facility, an educational publishing company or an online learning company, we can help you find the right position because ...

- we have a **large and diverse selection** of attractive positions.
- we have **many years of experience** and very **good contacts** to potential employers.
- we **specialise** exclusively in school and pre-school education.
- we will give you **competent** advice, because we are teachers ourselves.
- we will only **place you** in the facility of your choice, because we want you to be permanently satisfied.
- we are **discrete** and our services are **free of charge** for you; if you are successfully placed, your new employer will pay the placement fee to us.

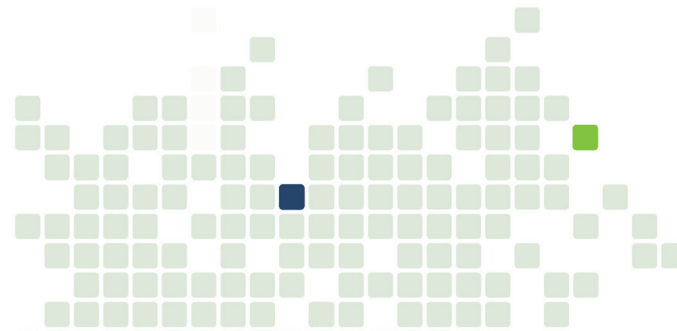

## **Why should you use LehrCare ?**

Finding a new job requires many resources:

- up-to-date job offers matching your profile have to be searched and found, often in addition to regular working hours,
- profiles of potential employers have to be researched,
- insider information is often missing,
- application documents have to be assembled and put together,
- elaborate cover letters are required,
- application dates must be coordinated,
- travel schedules have to be arranged.

**This takes work, time and money and does not always have the desired results.**

Why not let a team of experienced and professional recruiters handle everything?

## Your advantages:

If you register with **LehrCare** ...

- **you are reducing the time spent researching possible positions**, as we will only send you current and accurate job openings that fit your profile.
