In our ongoing search for qualified specialists, we have been continually supported by **LehrCare**'s expert team. As part of our professional search, in collaboration with **LehrCare** we found a highly qualified head for the primary school area of our cooperative comprehensive school »Stella« in Neubrandenburg.«

»We are very happy with your service. In an extraordinarily difficult subject (social pedagogy), we were able to win over a colleague who has now also taken over the course management in our vocational college. We thank you and look forward to further cooperation.«

Dieter Schulze, Headmaster, Workshop vocational college, Unna, North Rhine Westphalia

»The positive experiences I had with **LehrCare** in the recruitment of teachers in the foreign school system induced me to contact Dr. Köbke for my own search for a new occupation. The diligence in the selection of the offers and the comparison of the requirement profiles were extremely professional. The support until the conclusion of the contract and beyond was excellent as always.«
